Press Release

«DROMEAS furnishes research centre building of the EC in Ispra - Italy»

The furnishing of the service European Commission Joint Research Centre building in Ispra - Italy was assigned to DROMEAS. The total value of the project amounts to €906.000. The building will be a reference point for research issues.

For the configuration of a modern and functional space, there have been used desks and meeting tables from the series Slim of a high quality, as indeed all the material which our company uses, bookcases and leather sofas.

This furniture that fully meets EC specifications is produced entirely by the company DROMEAS at its premises in the Industrial Area of Serres
